Day 1 Outsourcing

“Workers’ compensation accounts take an extraordinary amount of time and require a unique skill set to manage. It simply made sense to me to reallocate my resources and let EnableComp focus on managing this complex revenue class for us. It has proven to be a great decision for us.”

Charlotte Cummins, Director of PFS
Cookeville Regional Medical Center

CompDirect provides day-one outsourcing of your workers’ compensation claims process. Our experienced revenue specialist team ensures that claims are sent to the correct payer the first time. Our staff conducts timely follow-up to payers and can adjust billed charges to net accounts receivable within 72 business hours of receiving a properly formatted file.

What’s your workers’ compensation >90 days? Are you getting the benefit from timely cash flow and correct payment?

As a company with a sole focus on workers’ compensation correct payment we live by “best practice” standards for prompt and accurate payment for our clients with claims that are >90 days AR at 15% or less.

Up to 65% of Workers’ Compensation hospital bills are initially sent to the wrong payer, delaying your payments and increasing your AR.
